the brand **MUST** be physically exhibited at the KWF-Tagung at your stand and you are the representative for this brand. Would you like to register more than 3 brands? Please contact us! Publication will take place after full payment of the invoice.

X

Current warning: Unofficial exhibitor directories Unfortunately, it has become common practice in the German trade fair industry for exhibitors to receive letters and forms from International Fairs Directory, Expoguide, Construct Data & Co. asking them to update their respective exhibitor directories. We would rather point out once too often than too little that KWF GmbH, the organizer of the KWF Conference, has no business relations whatsoever with these companies and that they are expressly not acting on our behalf. The list of exhibitors is processed exclusively by us as the organizer; external companies are not authorized. On the information sheet of AUMA (Association of the German Trade Fair Industry) you will find important information on what you can do after receiving such an offer or even after accepting it. <https://www.auma.de/de/ausstellen/recht/inoffizielle-ausstellerverzeichnisse>
